Publicaciones de Luna Estelles, Carolina (5 Resultados)

Artículos

Sánchez-Terrón G, Martínez R, Ruiz J, Luna C, Estévez M. Impact of Sustained Fructose Consumption on Gastrointestinal Function and Health in Wistar Rats: Glycoxidative Stress, Impaired Protein Digestion, and Shifted Fecal Microbiota. J Agric Food Chem. 2023; 71 (43): 16270-16285.

Luna C, Arjona A, Dueñas C, Estevez M. Allysine and ?-Aminoadipic Acid as Markers of the Glyco-Oxidative Damage to Human Serum Albumin under Pathological Glucose Concentrations. Antioxidants (Basel). 2021; 10 (3): 474.

Luna C, Estévez M. Formation of allysine in -B-lactoglobulin and myofibrillar proteins by glyoxal and methylglyoxal: Impact on water-holding capacity and in vitro digestibility. Food Chem. 2019; (27): 87-93. F.I.: 6.306

Arcanjo NMO, Luna C, Madruga MS, Estévez M. Antioxidant and pro-oxidant actions of resveratrol on human serum albumin in the presence of toxic diabetes metabolites: Glyoxal and methyl-glyoxal. Biochim Biophys Acta Gen Subj. 2018; 1862 (9): 1938-1947. F.I.: 3,681

Luna C, Estévez M. Oxidative damage to food and human serum proteins: Radical-mediated oxidation vs. glyco-oxidation. Food Chem. 2018; 267 111-118. F.I.: 5.399
